

Group Project Contribution Form

Submission deadline: **December 11, 2026**

Group No: _____

Student Name	Student ID (Could be blank if you do not know)	Contribution Score (0-100%, with 100% as the default)

This form allows each group member to indicate their view of every individual's contribution to the project, ensuring a fair assessment of the group work. Please note the following rules:

- Contribution scores range from **0–100%**, with **100% as the default** (i.e., full contribution).
- If **no one**, or only **few students** in a group submit the form, we will **keep the default value** and assign **100% to all members**.
- If **more than half** of a group submits the form, we will calculate the **average contribution score** for each individual based on the submitted forms, and these averages will be used.
- For any submission, the form must include evaluation scores for all group members. Forms with partial or incomplete evaluations will be considered invalid.

You may wish to consider examples such as:

- *(Example 1)* If a group has 6 members, at least 4 submissions are required for the contribution scores to take effect.
- *(Example 2)* If only 1 or 2 members submit the form, the final contribution for all members remains 100%.
- *(Example 3)* If 4 out of 6 members submit the form, we will average the scores for each individual across those 4 submissions.

Please submit your completed contribution form via **BB -> Group project submission -> Contribution form** by the deadline. Late submissions will not be accepted.
